Five Cucumbers is a trick-taking game with the goal of NOT winning the last trick!

But it is not that easy. You have two choices on your turn: Take over a trick by playing a high card or discard your lowest card. It is not enough to keep a low card in your hand for the last trick as you will also need some high cards for taking over key tricks.

Five Cucumbers is a modern variant of the trick-taking game Agurk, which is well-known primarily in Scandinavia. We are excited to bring you our new version!

Finally you can learn this easy but cunning trick taking game.

Watch out: Don't get caught in a pickle after playing the seventh trick!
