KALEIDOS

WORDS ARE IN THE EYE OF THE BEHOLDER!

Kaleidos is a party game for up to twelve players that asks the question: How fast can you see? Each player gets a copy of the same illustration and then a letter card is drawn from the deck. From that point forward it's a race to see how many words they can find in the illustration starting with that letter before the timer runs out. Players receive points for all the words they find, and they earn even more for unique words. *Kaleidos* challenges the way players perceive the image, and they'll have to think in a creative way to walk away with the most points. This is the perfect game for families with players of all ages.

Features

- 20 beautifully illustrated cards
- Fun, intuitive party game for up to 12 players
- Play individually or in teams
