

RAISE YOUR GOBLETS

THE KING IS DEAD! LONG LIVE THE KING!

Otravia is a kingdom known as much for its beauty, as it is for its rulers' unfortunate habit of dying by poison. They long ago abandoned the notion of royal family lines, and since that time, death by old age seems to have become a thing of the past. Despite the inherent risks of the position, it seems everybody is simply dying to take on the role.

Raise Your Goblets is a game that allows two to twelve players the chance to vie for the position of the King by poisoning their opponents and surviving the toast themselves. Over three different courses of a feast, players will be able to add wine, poison or antidotes to goblets, swap goblets, take a peek at the goblet in front of them, or call a toast. Many will croak, but with luck, memory and bluffing, a new king will be crowned!
