- Continued Development Focus on Limited Formats

Continuing with the designs implemented in Ancient Nights, this set heavily supports sealed and booster pack draft formats for continued enjoyability. The five basic rulers are also included to provide immediate fun for any players, new or old, who come to the store to purchase this set.
- Basic Magic Stones and Basic Rulers Included

This too, is a carryover from the precedent set by Ancient Nights. Basic magic stones (Light Magic Stone, Fire Magic Stone, etc.) cannot be pulled from booster packs. Instead six copies of each basic magic stone are included in a separate pack in each booster box, along with one copy of each of the basic rulers.
- 165 different cards in all (Including Basic Magic Stones and Basic Rulers)
