

# In The Game Canadiana Celebrating Canada's Rich History

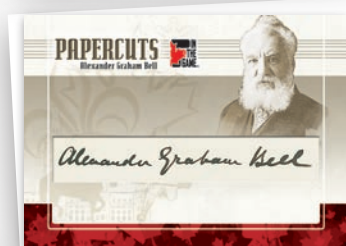

In The Game creates a trading card celebration of one of Canada's greatest natural resources, TALENT, with the release of In The Game - Canadiana.

Canadiana features a 100-card premium Base Card set which includes three parallel versions (onyx, ruby and sapphire).

The Autograph Card checklist is amazing; sports figures, actors and actresses. From the Grey Cup to the Emmy's. Autos will include William Shatner, Paul Henderson, Pam Anderson, Don Cherry, Stompin' Tom Connors and Jacques Villeneuve to name a few.

The Cut Signature Card checklist can be seen as a chronology of Canadian history. Politicians, Scientists, War Heroes, Hollywood Legends and many other history-makers make up the list which includes; James Naismith, Alexander Graham Bell, William Lyon Mackenzie King, Whipper Billy Watson, Roderick L. Haig-Brown, Billy Bishop, Conn Smythe, A.Y. Jackson to name a few.

Talent, ability and hard work have no borders and while many of Canada's personalities live outside our country, Canada is still their "home and native land".
