## Short Synopsis

You must fight for your nation as you aim to defeat all of your opponents. Each brave Champion is granted three attributes: a Class, an Element, and a type of Arms, all imbued with incredible power. When one Champion is attacked by another, the damage they take exposes the nature of their attributes, revealing the weakened Champion's true form to the other players. However, once these attributes have been revealed, the Champion that wields them can start to benefit from their abilities. Cleverly utilize the powers granted to you and claim victory over all others!
