# FORETOLD

## RISE OF A GOD

Foretold is a strategic free-for-all game based on Greek mythology and history, designed from the ground up for a great multiplayer experience! Prepare to build a unique temple, raise an army and form alliances - as you strive to become a deity of legend!

- Foretold combines familiar elements of collectible card games and deck-building games, then adds an interesting tower defense mechanism.

- Foretold is designed for maximum replayability with a Marketplace and deck of Temple Tiles that offer continuous change. With four different Fate alignments to choose, no two games will ever be the same!

- Foretold: Rise of a God is a complete base game, built with expandability in mind. Enfranchised players will come back for future expansions which are already in development!
