

ERIC ZIMMERMAN

# QUANTUM

REVISED EDITION

Revised edition includes:  
**NEW 20MM FROSTED DICE**  
**NEW RULES CORRECTIONS**

Send out the scouts! Position the Flagship in tactical orbit and reconfigure that Battlestation into something new!

Your fleet of loyal ships, powered by the might of quantum probability itself, carries your empire to the far-flung stars. How will history remember you? As a ravenous destroyer? A clever tactician? A dauntless explorer? Command your armada, construct world-shattering technologies and rally the remnants of humanity for a final confrontation. With elegant mechanics, an infinity of scenarios and easy-to-learn rules that lead to deep gameplay, Quantum is a one-of-a-kind game of space combat, strategy and colonization that will satisfy both hard-core and casual players.
