TOKAIDO: MATSURI

Expand your travels with feasts and festivals!

Matsuri is an expansion for *Tokaido* and *Tokaido: Crossroads* that will bring new cards and tokens to the expanded game. With this additional expansion, the players will experience a range of Japanese feasts and festivals. These cards modify the way each section of the road will be played, adding even more depth and strategy in the same way that *Crossroads* did.

.Releasing Winter 2016

***Requires Tokaido and Tokaido: Crossroads to play.**
