A New Special Edition of the Hit Game!

Unspeakable Words™ Deluxe Edition

The Call of Cthulhu Word Game!

In Unspeakable Words™, based on the literary works of H.P. Lovecraft, use your hand of cards to form words to score, determined by the number of angles in the letters. But you must be careful, because every misstep could cost you, since you must test the strength of your mind against each word's point value by rolling a 20-sided die.

Succeed, and you're safe, for now...fail, however, and you take one step closer to madness! Can you keep your sanity long enough to win this horrifically fun word game?

This Deluxe Edition of the game includes upgraded components including additional cards 40 multi-colored pawns to play up to 8 players, a custom glow-in-the-dark die, a dice bag, and new artwork by John Kovalic!

Contents: 148 Cards, a Custom Glow-in-the-Dark Twenty-sided Die, 30 multi-colored Cthulhu Pawns, 10 Glow-in-the-Dark Cthulhu Pawns, a Dice Bag, and Instructions
