

SURVIVE:

ESCAPE FROM ATLANTIS!

~~~~ 30TH ANNIVERSARY EDITION ~~~~

An underwater volcano has erupted and the island of Atlantis is sinking into the sea! Unless the Explorers escape in time all will be doomed!

In *Survive*, you try to lead your Explorers from the sinking central island of Atlantis to the safety of one of four islands nearby. Your Explorers can get there quickly by boat (if they find one) or more slowly by swimming. But it will be a perilous journey as they must avoid Sea Serpents, Whales, and Sharks! When the volcano on Atlantis explodes, the game is over. The player with the most Explorer points wins.

Survive has sold about 1.5 million copies world-wide in its previous versions, but was out of print for over 10 years. Now in this *30th Anniversary Edition*, all of the components have been upgraded to the highest-quality levels, including slotted wood boats to carry the Explorer tokens, as well as Land Tiles of 3 different thicknesses to give Atlantis a 3-D look!

Survive's "30th Anniversary Edition" includes:

- 1 Game Board
- 40 cardboard Land Tiles
- 40 resin People tokens
- 5 wood Sea Serpents
- 5 wood Whales
- 6 wood Sharks
- 12 wood Boats
- 1 custom Die
- 1 Rulebook
