

FARBEN

3-5 PLAYERS 45-75 MIN AGES 10+

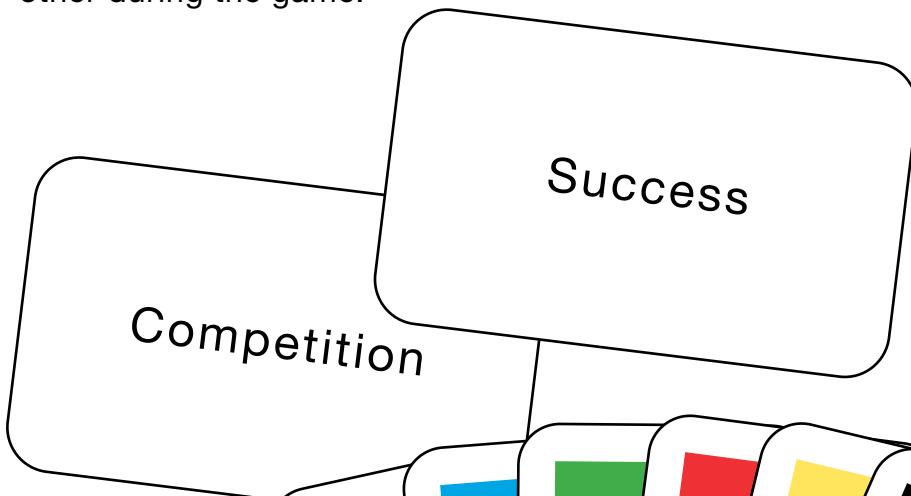

Love is...green?
Farben is a vivid storytelling game.

Each round, you associate one of your twelve color cards with a word card and start telling a story. Share your moving, beautiful, funny, or even embarrassing stories. Good stories are easier to remember! You score points in **Farben** if you remember best who assigned which color to specific words and if multiple players can remember the colors you assigned to words.

Farben is completely unique to game design. **Farben** brings people together over the stories that they tell each other during the game!

5" x 7" x 1.4" (12 per case)
