We have seen countless cards create tons of iconic moments across the history of the Yu-Gi-Oh! TCG. Whether it was classic ace monsters like Dark Magician, Blue-Eyes White Dragon, and Exodia the Forbidden One, or tournament-level cards like Rescue Cat, El Shaddoll Construct, and Nekroz of Trishula, or even forbidden cards like Yata-Garasu, Substitoad, and Number 16: Shock Master, everyone has their own personal favorites that symbolize their favorite Yu-Gi-Oh! moments. With so much awesome Dueling action, it's difficult to capture all of it in an accessory product... until now! The Golden Duelist Collection accessories showcase loads of iconic cards across each item, and to top it all off, the King of Games, Yugi Muto along with his ace monster Dark Magician in gleaming gold!

The Golden Duelist Collection Duelist Portfolio has a special glittering foil that is unique to the Golden Duelist Collection and matches the other accessories. Each Duelist Portfolio includes 10-pages with 9 pockets per page, allowing you to display up to a total of 180 cards! Built with a side loading design, you will also get an extra layer of protection for your cards. There's no better way to show off your collection!
